

WE NEED YOU TO ATTEND THIS SOUND TRANSIT COMMUNITY MEETING IN LARGE NUMBERS

Please attend a Sound Transit Sponsored Community Meeting

THIS WEDNESDAY, August 2nd, 6pm-7:30pm

at Lake Forest Park Elementary School

Location: 18500 37th Ave NE, LFP

Sound Transit Staff will explain why it is too late to redesign the project.

We Must Attend in Large Numbers!

Why *You* Should Attend:

- There is strength in numbers. It is the only way to get the attention of the Sound Transit Board, Sound Transit Staff, and the Press.
- Sound Transit must know our position: We support Mass-Transit, Light Rail, and Stride 3.
- We do not support the destruction caused by building a dedicated eastbound bus lane through the heart of our community.
- Save our tree canopy.
- Lake Forest Park wants Sound Transit Staff to know that our community does not support this project, as designed.
- Other designs, that are less costly, require less time to build, and are proven to speed up bus transit, need to be studied for Lake Forest Park.
- Attending means you and our community will be heard. *This is crucial to saving our unique community and environment, while providing efficient transit, taking less time to build, and saving taxpayers money.*

Come to Lake Forest Park Elementary School August 2, 2023, 6pm-7:30pm Sound Transit LFP Community Meeting

We support Sound Transit and ST3.
We support Mass Transit.
